EXPERIENCE

1983 -
present

Editor, *Construction Litigation Reporter*
Thomson Reuters/West

Write a nationally distributed monthly Reporter covering the latest and most significant developments in construction law. Case law summaries coupled with critical analysis of the opinions. Solicit and review feature articles submitted by construction law practitioners. Published in hard copy and also on the Westlaw database CONLITR.

1990 & 1992

Adjunct Professor
University of San Francisco School of Law

Taught semester-long course on construction law for second and third-year students. Comprehensive introduction to construction law, including discussion of design professionals, construction management, design/build, public contracting, insurance, suretyship, mechanics' liens and arbitration.

1981 -
1983

Attorney
David B. Gold, PLC, San Francisco, CA

Oversaw numerous medical devices products liability actions filed throughout the country. Pretrial experience in federal and state courts.

Summer 1980

Judicial Law Clerk
The Honorable Cruz Reynoso
Associate Justice, Court of Appeal of the State of California
Third Appellate District
Sacramento, California
Researched law and created initial drafts of decisions authored by Justice Reynoso.
